

ULTIMATE HCl ABSORBER

BEST AVAILABLE DESIGN FOR HCl ABSORPTION

THE WEAPON OF CHOICE
FOR YOUR HCl ABSORPTION PROCESS

Référence: F05_1_E

ULTIMATE EFFICIENCY

-Designed to maximize the absorption of HCl in the primary equipment
→ Minimizes the size of the secondary absorber (scrubber tower)

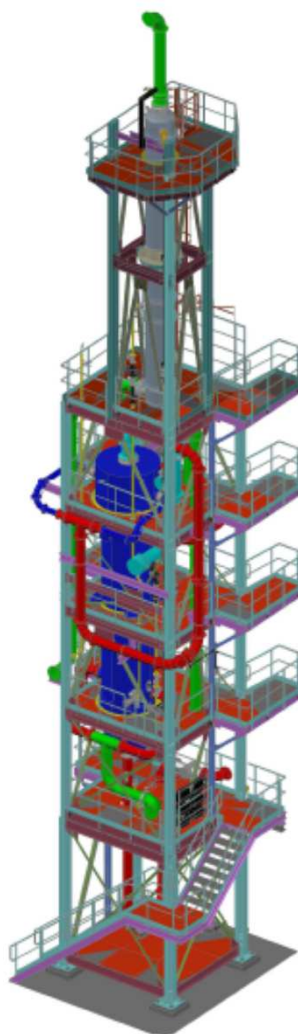

ULTIMATE FLEXIBILITY

-With proper controls, can be designed for practically 100% turndown

- Maximizes recovery of HCl and increases production

Polytube

Turnkey Absorber skid package

ULTIMATE DESIGN

-Customized designs using MERSEN's 50+ years of experience to fit your exact needs including turkey packages

-Long Life design proposed to increase life time.

ULTIMATE GRAPHITE MATERIAL

-Use of Graphilor3® Isostatic ultra fine grain for unsurpassed mechanical strength (G30-00-220 – TUV) & corrosion resistance

MERSEN - THE INDUSTRY REFERENCE

FOR HCl ABSORPTION IN TDI/MDI & PVC/VCM INDUSTRIES
