

MERSEN ONLINE PRODUCT TRAINING SCHOOL

Mersen is proud to offer some of the highest-rated training in the industry. With the current national health crisis, we are moving our April 28 and 29 Training School in Newburyport to a new online format.

Our re-invented schools will be brought to you live by Mersen industry experts, with the same fact-filled content you would receive at school in Newburyport. Our new schools will be brought to you via multimedia using WebEx, and will be delivered with two different 3-hour sessions. You will be required to participate in both 3-hour sessions for credit.

We will be limiting the size of the class to around 20 to 25 to allow for group participation, questions, and a better learning environment. Those who had signed up for the Newburyport school will get priority seating for the online sessions.

At Mersen, safety is our number one priority. We hope to reschedule our planned schools to in-person events in the fall. Until then, stay safe and keep learning during Mersen's online Product Training School!

ONLINE TRAINING SCHOOL SCHEDULE

The following dates have been selected for the online schools:

	Session 1 (3hrs)	Session 2 (3hrs)
Online School 1	April 7th	April 8th
Online School 2	April 21st	April 22nd
Online School 3	May 5th	May 6th

Please contact kimberley.walters@mersen.com to register for the school that works best for you.
